

**Projekttreffen energy unites culture  
Weiden, 20. – 24.01.2014**

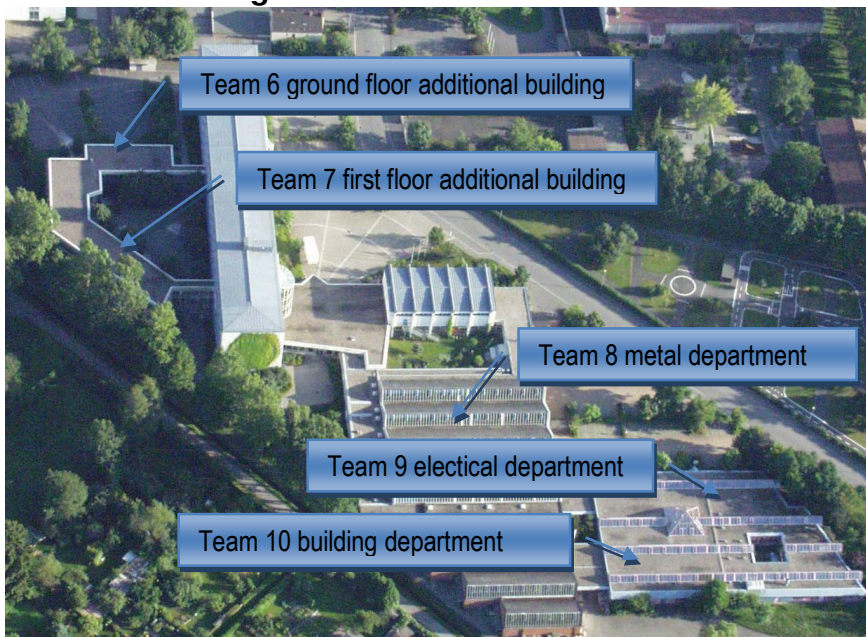

Team number	<input type="text"/>
-------------	----------------------

Please, choose your floor/department on the picture and fill out the table on the following page.

**Main building**

**Additionalbildung and workrooms**

Fill out the table where you check the rooms.

	in the main building	Additional building	Department of workrooms
Corridor number			

**The following job is to do:**

You have to go in a class-room in your floor (look in the plan).  
Speak with the students and teachers about the following questions:

**1. Short presentation**

Who you are?  
From where you come?  
What do we make in this project?

**2. Energy check for the lighting in the classroom**

How many lamps with how much power (neon tubes) are in the classroom?  
How many classrooms in the floor?  
How many hours per the day are the lamps switched on?  
How many neon tubes are in the respective corridor?  
How many school days are per year? (discuss with the teachers/students)

Fill out the table

Question	Result
How many rooms in the corridor	
Number of lights	
Power	
Hours per day (light is on)	
School days per year	
Lights in the corridor	

**Comment**

It could be easier to count all lamps in one workroom department.

Please, choose your floor/department on the picture and fill out the table on the following page.
