The students of Poland and Turkey prefer hosting families for accommodation. The problem is that in GE, SL, SK und HR the students live more than 30 km away from the school-city. There would be a problem with the common activities after school. The big problem is to oversight and controls the students outsides. The hosting-schools are going to write papers for the partners, if they not found hosting families – on demand.

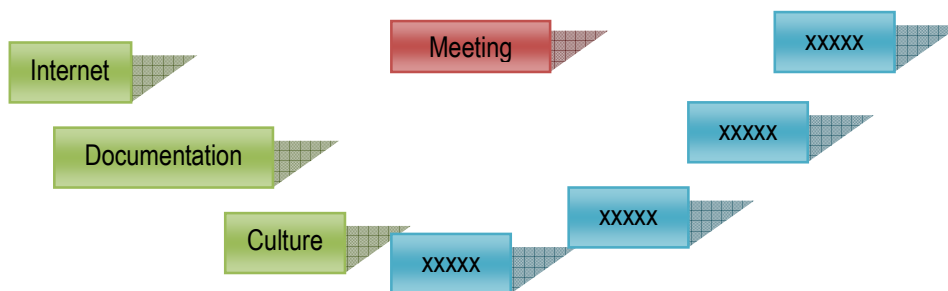

Top 3:	Agenda for meetings with the students

Top 6: Internetside

The following diagram is a suggestion for the internet-presentation. Martin is going to prefer all that the students can work in the meetings. The students are going to finish the sides in every meeting.

- ⇒ The web-side is going to start with an overview about all countries. The user can select the language.
- ⇒ In the meetings all web-sides are created from the students.
- ⇒ The teachers are moderators and have a look for grammar
- ⇒ All web-sides contents pictures as much as possible and text as less as possible.

Top 7: Miscellaneous

- ⇒ All papers are translated in all partner-languages.
- ⇒ Many thanks to the school in Bielawa, especially to Ania for the excellent organization and Magda for the super support.
- ⇒ Many thanks to all partners for the concentrated work and familiar atmosphere.
- ⇒ Martin told to all: Everybody can vote own things in the project. Every suggestion is important and welcome.
